## Tray, sleeve & lid combo Formes: D359651

A rectangular tray, designed to be glueless and to be cut from E flute corrugated board.

The formes are made to industrial specifications from 18mm laser plywood.

The assembled tray measures 232 x 157 x 32 and is suitable for many applications in D&T. The tray can be mated with a closure/lid. This could be either D35965B a slip over lid or D35965A a sleeve. For some applications it would be necessary for students to cut a window to allow the contents to be displayed. Both the lid and sleeve will require gluing.

Using the forme students could learn about die-cutting and creasing, materials and accurate assembly.

The formes are designed to be used on the Ellison Prestige Pro die-cutting machine and are **NOT** recommended for use on any roller machine.

All formes are tested in our workshop before dispatch and the sample filed with your completed order.

Price	£72.00	D359651 Tray
	£65.00	D35965A Sleeve
	£56.00	D35965B Slip over lid

All the formes can be purchased separately but we have found that most customers buy the tray and both lid and sleeve formes. This allows students to have choice.

Dispatch is in 7-10 working days.
